

Bus Stop Modification

Once established, bus stops will be modified only under the following conditions:

- Safety concern-conditions at the established bus stop do not meet the bus stop selection criteria as defined by the District guidelines.
- Property owner complaint - upon receipt of a concern from a resident adjacent or close by an established bus stop; if after working with the students and schools associated with the bus stop the concern cannot be resolved a relocation of the stop will be considered.
- Requests for stop location changes may be submitted in writing to the Transportation Department for review. A written response will be sent to the requester.
- Students who do not use their assigned school bus may have their bus stop removed when doing so will result in reduced operating cost. Prior to a bus stop being removed, parents/guardians will be advised of the plan to remove the stop from service. Parents/guardians will be able to request reinstatement at a later date.
